Because this site is
dedicated to free
books, there's none of
the hassle you get with

filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will

inevitably find their
way onto open
publishing platforms
(though a book has to
be really quite poor to
receive less than four
stars).
