either reacts intramolecularly or intermolecularly in the presence of a base (water) to yield the corresponding carbonyl compound:

## **Jones Oxidation - Organic Chemistry Portal**

Jones is concerned not with just the student who is a hard-core chemistry major, but also, as he writes in the pre-ace, with the student who wants a broad yet modern introduction to the subject. To address this audience, Jones has based his text, in large part, on what he describes as a desperate need in organic courses to find generalities.
